NO SWEAT by TouchME®

Unique solution for odor neutralization

NO SWEAT by TouchME is a body odor neutralizer that blocks odor completely, regardless of how much you sweat and when you sweat, all day long.

Body odor is a common issue that can affect a person's quality of life. It occurs due to bacterial processes in sweat and not due to sweat itself because human sweat is almost odorless. Rapid multiplication of bacteria and their breaking down of sweat into acids can cause unpleasant smells and people who sweat a lot can easily develop (unpleasant) body odor. TouchME® noSWEAT offers unique solution for unwanted "smelly" problems.

Formulated to be applied directly on fabric, directly on source of bad smell, where it clings to fabric and neutralizes bad odors. Nanotechnology "traps" malodor molecules and releases delicate but strong powdery fragrance. It's unique formula eliminates already occurred sweat odor. Even better, more you move fragrance gets stronger as it is released by friction.

No Sweat is a unique, patent pending FMCG product.

No Sweat key benefits

- Protection from unpleasant smells
- No skin contact – application directly onto fabric
- Does not leave marks on clothes
- Discreet, invisible, and effective
- The effect is enhanced by friction/movement
- Effective if used pre or post odor/sweating
- Alcohol free
- Not hazardous
- Dermatologically tested

Application

1. SHAKE IT!

before use

2. SPRAY IT!

directly onto fabric
(wait for it to dry for 1-3 mins)

3. MOVE FREELY!

motion activates
encapsulated odor protection

4. ENJOY

you are completely
protected from odor

Packaging

30 ml

NO SWEAT SPORT by TouchME®

Unique solution for sport equipment and sportswear odor neutralization

NO SWEAT SPORT by TouchME is a sports equipment and sportswear odor neutralizer that blocks odor completely, even when it seems impossible to eliminate bad smells from your favorite clothes and sports accessories.

No matter which sport you play there is always problem with some smell which seems impossible to eliminate. This odor can be quite hard to eliminate because bacteria can be left in small perforations and seams even after thorough equipment care. TouchME® Sport offers unique solution for this kind of problems.

Formulated to be applied directly on sports equipment and sportswear, directly on source of bad smell, where it clings to fibers and neutralizes bad odors. Nanotechnology "traps" malodor molecules and releases delicate but strong pleasant fragrance. Even better, more you move fragrance gets stronger as it is released by friction.

No Sweat Sport is a unique, patent pending FMCG product.

NO SWEAT SHOES by TouchME®

Unique solution for shoes odor neutralization

NO SWEAT SHOES by TouchME is a shoe odor neutralizer that blocks odor completely.

It's normal for feet to sweat more when it's hot or if you are participating in a dynamic activity that elevates your body temperature, but some people experience extremely sweaty feet regardless of the time of year or their activity level. TouchME® Shoes offers unique solution for unwanted "smelly" problems.

Formulated to be applied directly inside the shoes, directly on source of bad smell, where it clings to fibers and neutralizes bad odors. Nanotechnology "traps" malodor molecules and releases delicate but strong fragrance. Even better, more you move fragrance gets stronger as it is released by friction.

No Sweat Shoes is a unique, patent pending FMCG product.
